

MWCC CREDITS APPLIED TOWARD DEGREE – AGE OF CREDITS

Prior comparable courses taken at an accredited US college or university will be applied toward the degree or certificate program. The College reserves the right to not accept prior coursework if significant changes in the area of study have occurred or if current knowledge is necessary for student success. For age limits, please see the catalog page for the specific degree program.

Technical and professional courses that have been completed many years prior to the completion of the academic degree will be evaluated on an individual basis to determine their applicability toward a given degree program. For example, computer coursework or allied health courses may have changed significantly and may no longer satisfy degree requirements due to changes in technology or professional practices. Students should discuss any concerns regarding the applicability of credits earned with their Academic Advisor or Division Dean.
