

LEGAL STUDIES

The Legal Studies Program at Mount Wachusett Community College provides students with three distinct opportunities: to earn a Paralegal Certificate (LAWC), an Associate of Science in Legal Studies (LAW) for immediate career entry, or to graduate and transfer to a baccalaureate program through the Liberal Arts and Sciences Pre-Law Track (LAWT). During the course of study, students will develop competencies in substantive and procedural law, excellent communication skills, and the ability to think analytically and logically.

LEGAL STUDIES DEGREE (LAW)

This degree prepares students for a paralegal position in a legal setting, such as a law office, courthouse, administrative agency, corporate in-house counsel office, or insurance company. Students will learn to gather and analyze facts relevant to legal disputes, perform legal research, draft legal documents, and prepare witnesses and evidence for presentation at legal proceedings. An effective paralegal must have a firm grasp of both substantive and procedural law, excellent communication skills, and the ability to think analytically and logically. This program provides the student with the skills necessary to perform specifically delegated, substantive legal work under the supervision of a lawyer.
